When the **Mazda MX-5 Miata** debuted for 1990, this snazzy little convertible was an instant hit. Denoting a rebirth of the budget friendly sports car in a stripped-down roadster style popularized by British car manufacturers in the 1950s as well as '60s, the MX-5 Miata brought reliability as well as contemporary design to the idea. Customers lined up outdoors Mazda car dealerships and also happily paid more than sticker price for the fetching brand-new Miata.
