The new KOBELCO SK28SR, SK30SR and also SK35SR expand the horizons of mini excavators, as well as deal practical efficiency functions while preserving a short tail swing. The brand-new Power Preservation Method saves even more energy, and also Kobelco's proprietary iNDr Air conditioning System makes sure silent operation, security from dirt, and also simple maintenance. For better driver comfort and also security, the sizable cab design offers a lot of area as well as an unobstructed sight. It all adds up to improved full-size performance, short-radius agility as well as a low-noise environment, with extraordinary performance attributes and a full range of value-added features.

Kobelco SK30SR-2 SK35SR-2 Hydraulic Excavators Engine Parts Manual

The highly impermeable engine compartment and the offset duct add to sound decrease. The iNDr filter fitted in front of the cooling system ensures simple cleaning. The iNDr system on the SR Collection mini excavators features air intake at the front of the machine and air exhaust beneath. It functions in the same way as the iNDr System on the SR collection devices. Since the iNDr filter eliminates dust from the consumption air, cooling down components stay dirt-free and do not call for regular cleansing. The iNDr filter itself can be easily deleted and cleansed without the use of devices. Applicable NO.
